Alcohol Awareness Month

April is National Alcohol Awareness Month. We are dedicating time to educate and share resources to help people understand the impacts of alcohol abuse and substance use disorder.

What is substance use disorder?

Substance use disorder is the term when a person uses substances (typically alcohol or drugs) even though it harms themselves or others. Substance use disorders can range from mild to severe.

Blue Shield offers resources to support you.

- Self-guided help from [CredibleMind](#) offers topics like [Alcohol Use](#) or take a quick assessment like ["Is Your Substance Use Harmful?"](#) to help you better understand alcohol misuse
- [Learn more](#) about what the symptoms are, how to get treatment, or offer support

For more information, visit Blue Shield's [Mental Health and Substance Use Resources](#) page.

Prioritize Your Mind

May is Mental Health Awareness Month, and it is the perfect time to check in on ourselves, share resources, and break the stigma surrounding mental health.

[Here are some ways Blue Shield can help support you and your loved ones:](#)

- Find a provider through our [Find A Doctor](#) search
- Access self-guided resources like [CredibleMind](#) and [Wellvolution](#)'s digital programs
- [Learn more](#) about your plan's covered behavioral health benefits
